

Complex Number and Transition

The birth of "integer 1" means generation of Complex Number.
 Furthermore, "Fu.integer 2" and "Mi.integer 3" transition-generated from "integer 1" are "Elementary Quantity".

"Futomani" generates Complex Number

($^{Ka} sHi^{Ma}$ -Complex Number)

Uzu

MaKaKa

Misode

$$sHi_{\sqrt{-1}}^{Ma} \equiv +E8$$

$$sHi_{\sqrt{-1}}^{Ka} \equiv -E8$$

$$sHi \equiv \sqrt[2]{-1}$$

$$(\sqrt{-1})^2 \equiv Hi \equiv 1$$
